Vision Statement

- 
- MAINTAIN PATIENT CARE AND CRITICAL OPS WHILE ALL AROUND US FAILS
- 

Goal and Objective

- 100 % Emergency equipment operation
 - No Equipment failures
 - For Continuum Health Partners
 - 29 emergency gen-sets
 - 240 automatic transfer switches
 - Numerous FO tanks and pumps
- 

Today's Situation

- THE GRID SYSTEM IS STRESSED
 - New generation
 - NIMBY
 - Regulatory Delays
 - Demand outstripping supply
 - Energy prices on the rise
 - Utilities have become T&D entities
- 

How Did We Get Here?

- DE-REGULATION
 - GOOD OLD DAYS
 - Con Ed generated and supplied
 - PSC Controlled Prices
- 

Available Options

- There are some:
 - Distributed generation
 - Parallel the utility grid
 - Install additional emergency generation
 - Break or make from the utility grid
- 

Recommendation

- BE PREPARED..... HOW???????
 - Know your systems!!!!
 - Train your personnel
 - Arrange for backup FO deliveries ahead of time
 - Adequately test your equipment
