### Courses Offered

<b>Name of Course</b>	<b>Target Audience</b> (Physicians, Nurses, or non-clinical staff) Please Specify
Psychosocial Aspects Of Bioterrorism And Disaster Medicine: Education For Readiness And Response	Physicians, Nurses, PA, Public Health workers, other clinical staff

Please provide information about any fees that might apply:  
Previous workshops have been federally funded and were free to participants.

Other Comments: Our course is offered as a single day CME activity to provide information and tools to address patients' psychosocial responses to terrorist threats or attacks, to help focus responses of health care teams in acute situations, and to fulfill leadership roles in communities. We focus on skills practice using interactive exercises and standardized patients. We also offer a three day Train-the-Trainer version of the course.
