

ED MAT QUALITY COLLABORATIVE

March 20, 2019

GREATER NEW YORK HOSPITAL ASSOCIATION

Over 100 years of helping hospitals deliver the finest patient care in the most cost-effective way.

2 Agenda

I. Welcome

II. Recap of Timeline, Goals and Resources

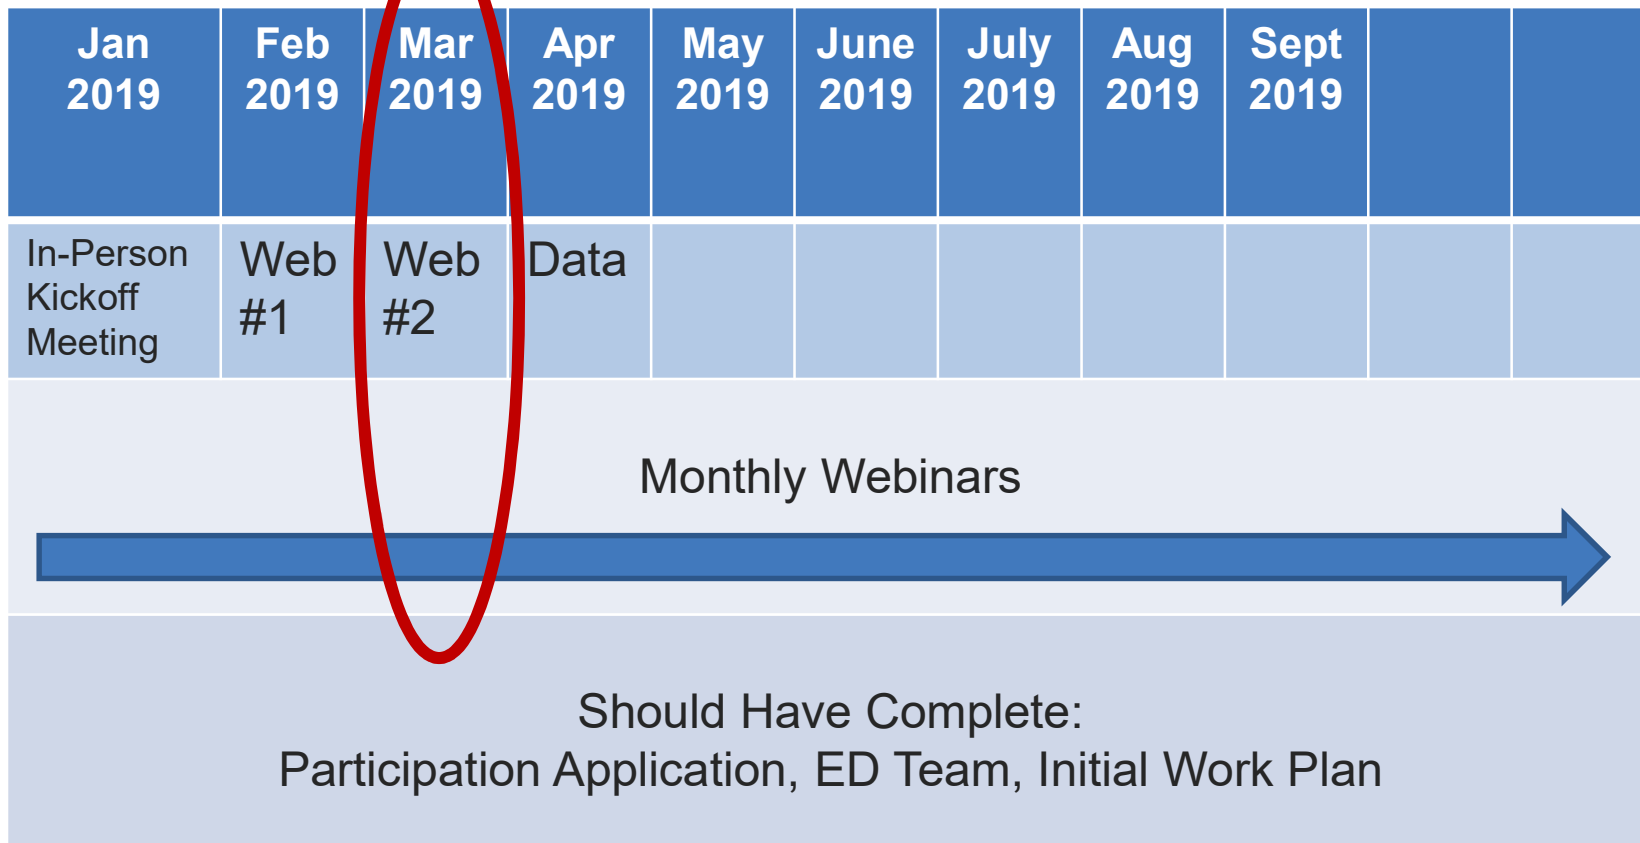

III. Team Planning and Progress Updates

IV. Metrics and Data Submission

V. Discussion

VI. Next Steps

LI ED MAT Collaborative Timeline

Goals and Objectives

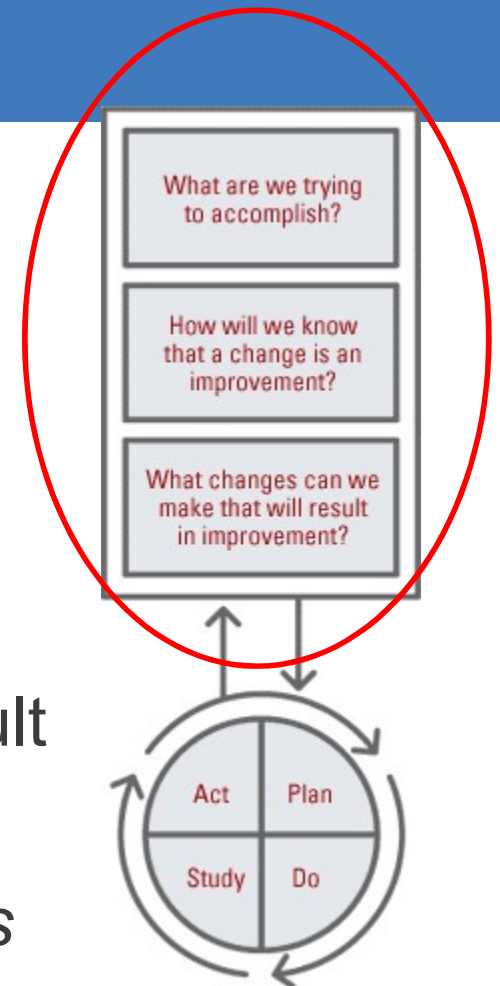

- Improve outcomes for individuals with SUD
 - Promote screening, assessment, treatment and referral for individuals with SUD
 - Normalize access to medication assisted treatment (MAT), including buprenorphine, for appropriate individuals presenting in EDs
 - Strengthen linkages with outpatient and community providers, agencies, and resources for treatment and recovery
 - Support judicious opioid administration and prescribing with use of alternatives to opioids for pain management when appropriate

Short Term Actions: By March 31

- Create team
- Team educational sessions
- Waiver Training
- Screening/Assessment for OUD
- Buprenorphine algorithm/guideline
- Needs assessment for referrals
- Data plan
- Resource needs

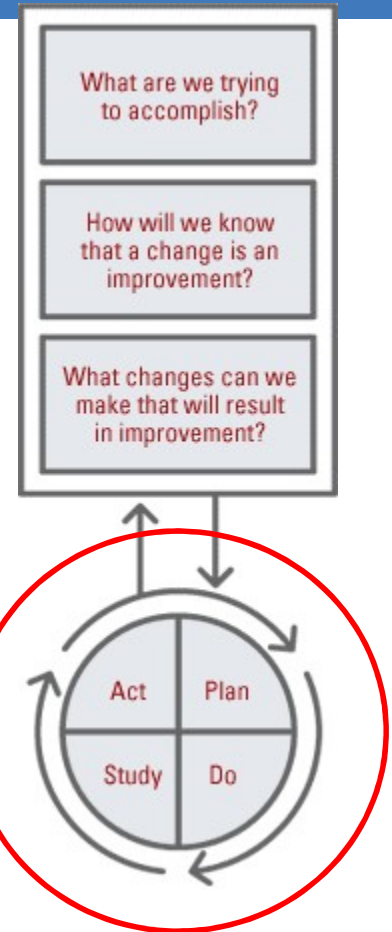

6 The Model for Improvement

- What are we trying to accomplish?
 - *Team Aims*
- How will we know that the change is an improvement?
 - *Measurement*
- What changes can we make that will result in an improvement?
 - *Identify potential Changes/Interventions*

PDSA Cycles

- Making small changes over a short period of time to test if the change works
- PDSA=Plan, Do, Study, Act
 - **Plan:** identify the change you want to make
 - **Do:** make the change
 - **Study:** it for a pre-set period of time
 - **Act:** on the change, keep it, refine it, or drop it
- Onto the next change or step

QUESTIONS/DISCUSSION

GREATER NEW YORK
HOSPITAL ASSOCIATION

Team Updates

- Stony Brook University Hospital Consortia
 - Status, Barriers/Challenges, Solutions

- Northwell Health
 - Status, Barriers/Challenges, Solutions

Collaborative Measures

4 Goals of Collaborative

- Increasing ED capacity to prescribe buprenorphine
- Identifying patients for induction in the ED
- Increasing induction in the ED
- Improving connections with community providers

Measurement Strategy

- Collect data that measures progress and identifies challenges – not research!
- One common measure per goal
- Optional measures to enhance ability to monitor the intervention

Protocol/Process Information

- Flexibility in how to define/measure aspects of intervention
- Request for additional information on protocols, algorithms, or screening tools used

Data Submission Process

Hospital will identify data contact

Hospital will enter data into Excel form distributed by GNYHA

Hospital will upload data through secure, web-based portal (portal will require log-in)

Data Submission Timing

Next week

- GNYHA will reach out to confirm data contact

Early April

- GNYHA will distribute Excel tool

Late April

- GNYHA will launch web portal for file upload
- GNYHA will create accounts

April 30

- Hospitals submit March data
- Subsequent data submissions due on the last day of the following month

13 Keep Calm and Carry On With Collecting Data

Some data is better than no data

Messy data is better than no data

Back-data can always be submitted

Data collection best practices will be a focus of future webinars

GNYHA is always available for assistance, troubleshooting and support

QUESTIONS AND DISCUSSION

GREATER NEW YORK
HOSPITAL ASSOCIATION

Resources

- Link to Webinar #1
 - Slides and audio
