Overview

Stockpile Purpose

The NYC PPE Stockpile was developed as a backstop to NYC Healthcare organizations to be accessed when all other options are exhausted.
PPE Stockpile Overview

- By submitting an order through Medline you are confirming that the PPE you are requesting is required to protect staff and patients during the COVID-19 response and you currently have less than one week of the requested supplies on hand. This confirmation is important to the City's potential request for Federal reimbursement for the PPE being provided to your healthcare organization.
- Monthly order quantity caps are established for each organization and will not be turned on (except for testing sites) until the city determines allocations should be turned on.
- You may request product once per week, as needed, or in an emergency where all other supplier options have been exhausted.
- Product quantities are represented as cases and will be delivered in cases.
- All requests must be submitted on medline.com prior to 10:30am for next day delivery Monday through Friday.
- NYC holds the right to charge a cost associated with a supply request.

Overview
FAQ Document

Can I order other items from Medline.com
• No, the account that is being set up for you is solely for the NYC stockpile. You will not be able to browse the site, you will only be able to see products that NYC has designated to you.

What items can I order?
• Depending on your facility, the following items may be available - Isolation Gowns, Goggles, Nitrile Gloves, Faceshields, Body Bags, Bouffant Caps, Boot Covers, Surgical Masks, N95, Infrared Digital Thermometers, Resuscitation Bags, Hand Sanitizer

Will we be charged for what we order?
• The City of New York may seek to recover costs for provision of PPE supplies that is not reimbursable under applicable FEMA emergency reimbursement policies. At this time, FEMA policies do not enable reimbursement of supplies provided to private for-profit entities, and therefore the City may seek cost recovery from these entities at a later date. Maximum rates set for cost recovery are prevailing market rate and are summarized in the table to the right

<table>
<thead>
<tr>
<th>Category</th>
<th>Price Per Unit</th>
</tr>
</thead>
<tbody>
<tr>
<td>L3 Iso Gowns</td>
<td>$1.25</td>
</tr>
<tr>

</table>
Overview
FAQ Document

How can I order more than my monthly allocated amount?
• You can place orders above your allocated amount but an order containing any one item over its allocation amount will flag the entire order and will require approval.

Can I place multiple orders per week / per month?
• Please only enter one request per week. In an emergency, you can place an additional order, although the monthly product cap will remain the same. Example: Order one falls below allocation amount, order two within the same week falls over the monthly allocation amount – this order will be flagged and will need to be approved.

When do I need to place my orders?
• In order to receive your order the following business day orders will need to be placed before 10:30am

Where can I find more information on how to navigate Medline.com?
• A step-by-step guide will be provided. For any questions on Medline.com, please contact the medline.com NYC customer service desk: 866-478-1490 ext 2222
Overview

Webinar Overview

1. The NYC PPE Stockpile was developed as a backstop for healthcare organizations, only to be accessed when all other options are exhausted.

2. Facility requestors accounts have been established and user information will be provided in email on Thursday, September 10, 2020. Users include everyone who received an invitation to the webinar:
   1. Facility Supply Chain Leader
   2. Facility Emergency Manager(s)

3. Monthly allocation methodology developed by NYC and will be noted on the medline.com platform.

4. Requests for stockpile product should only be submitted if all other options have been exhausted:
   1. If a time comes where you need to access the stockpile, it is recommended that 1 request is submitted per week, under the monthly allocation amount.
   2. Quantity fields are prefilled with maximum monthly case allotment.
   3. Orders should be placed as needed (may be more often than monthly).
   4. You are encouraged to only order as much as needed within the monthly allotment.
   5. NYC approval workflow is established for request over the allocated amounts.
      1. Approval will delay your delivery.

5. Deliveries are made next day – Monday through Friday.
   1. Requests must be in by 10:30am for next day delivery (Friday requests will be delivered Monday).

6. The City of New York may seek to recover costs for provision of PPE supplies that is not reimbursable under applicable FEMA emergency reimbursement policies. At this time, FEMA policies do not enable reimbursement of supplies provided to private for-profit entities, and therefore the City may seek cost recovery from these entities at a later date.

Main Pages to Use Upon Login:

- My Account – shows order snapshots
- Shopping Lists – start orders with the list of items currently available
Product Search is Unavailable for the NYC Emergency Stockpile Logins

For the stockpile purchase program, regular search has been disabled. You MUST visit the Shopping List page to view products available for order.
Place an Order
Place an Order

Start in Shopping List

Click on Shopping List

Displays the current list of items available to order

- Quantity fields are prefilled with maximum monthly case allotment
- Orders are placed as needed (may be more often than monthly)
- You are encouraged to only order as much as needed within the monthly allotment
Place an Order

Add Items to Order

Add from Shopping List:

• Click the checkbox to accept the prefilled quantity amount for the month, or
• Override the quantity on the item line, and
• Click “Add to Order”
Place an Order

Click on Cart

Go to cart to continue checkout
Place an Order

Continue Checkout

Complete Cart:

• Make any adjustments as necessary
• Click “Next”
Submit Order – Within Allocated Quantities

Submit Order:

- Take time to review the order, as this is the last step before it gets placed
- If everything looks correct, click “Submit”
Place an Order

Submit Order – When Quantity Ordered Exceeds Allocated Amounts

Send to Approver:

• When the system first goes live, hospitals and nursing homes will have allocation amounts of 0 meaning all orders will need to be approved – T2 sites have live allocation amounts
• In this scenario, the buyer was notified of the item category ordered in excess of allocated amounts at the top of the screen
• To reduce quantities ordered, click “Edit” to go back to cart
• To continue with approval workflow, click “Submit”
Place an Order

Submit Order –
When Quantity Ordered Exceeds Allocated Amounts

Notify Approvers:

• Choose to Select All approvers (this choice will be saved for future orders)
• Make sure to describe your need for ordering excess, including the Days of Inventory On Hand
• Click “Done”
Place an Order

Confirmation Page

Order Confirmation

• The screenshot at the right demonstrates an order submitted and PENDING APPROVAL
• If the order did not require approval, this would be your final order acknowledgement page
View Orders

My Account Page

My Account

- Past account information is displayed, including recently placed orders, shipments arriving today, Saved/Un-submitted orders, etc.
- In the purple box you can see the order that was just placed for approval in the example is now appearing here.
Order Tools

Return to My Account Page

All ordering tools can be found from this page

• Return to it by clicking the blue button at the top, or at the left-side navigation
• From there, 2 useful tools will be
  • Order Dashboard
  • Search Item History
Order Tools

Order Dashboard

- View previous orders in the “Search Orders” tab
- Highlighted to the right is the “Track Shipments” tab, where you can see orders placed, and FedEx tracking info
Order Tools

Search Item History

View Items Purchased

• You can leave “Search For” blank
• Date range selected (choose a calendar month if you are trying to determine your allotment quantities with past purchases)
• Do not check “exclude items purchased only once”, as you have likely only purchased once that month
• Click “Search”
• Results will show below
