Step Back Consultation for Capstone

□ Peer feedback for projects

□ Aid fellow is seeing new facets, opportunities, approaches for this stage of their project

Time	Activity
0-2 mins "Problem presentation"	Fellow presents their project Focus should be on giving a brief background, current progress and end with what the fellow would like the group to consider. The fellows then stops speaking.
2-7 min "Step back discussion"	The group discusses the project. Asks questions (not to the fellow but poses questions of what's not clear), provides feedback/comments. The fellow, who's project it is, should be taking notes, listening, and not speaking.
7-10 min "Response to feedback"	Fellows comes back into the conversation and can respond to questions posed, asked for clarity on feedback provided or respond to the discussion.
