As faith leaders, we are in the community. We are witnesses to the devastation this health care crisis is causing....

NEW YORK'S MEDICAID PROGRAM REIMBURSES HOSPITALS 30% LESS THAN THE FULL COST OF CARE THEY PROVIDE FOR MEDICAID PATIENTS.

"As faith leaders, we are in the community. We are witnesses to the devastation this health care crisis is causing....

...We join the New York Alliance for Healthcare Justice in the belief that underfunding Medicaid is at the heart of what is fundamentally wrong and destructive in health care.

...Governor Hochul, fully funding Medicaid should be a priority. You can fix this, and we need you to fix this now for the sake of all New Yorkers."

Sincerely,
