

Regulatory & Accreditation: Intersection with Quality

March 14, 2024

Objectives: By the end of the session, Fellows should be able to:

- Describe various organizations, including CMS, State Health Departments, and regulatory and accrediting bodies in their involvement in assuring quality at healthcare organizations
- Understand the basics of the regulatory survey process and demystify the survey process

Required Readings:

- The Joint Commission, Onsite Survey Process: [On-site Survey Process Fact Sheet | The Joint Commission](#) (accessed on February 24, 2024)
- The Joint Commission, Snapshot of Survey Day: [Snapshot of Survey Day for Hospital Accreditation | The Joint Commission](#) (accessed on February 24, 2024)
- The Joint Commission, Federal Deemed Status Fact Sheet: [Federal Deemed Status Fact Sheet | The Joint Commission](#) (accessed on February 24, 2024)
- CMS, Quality, Safety & Oversight, General Information: [Quality, Safety & Oversight - General Information | CMS](#)
